

1989 Subject Index

This index describes the material that appeared in Volume 85, Numbers 1 through 12, of Chemical Engineering Progress, which is published by the American Institute of Chemical Engineers.

A

- Absorption, Thesis Index, Feb. 101
- Academic parochialism in changing technological environment, Feb. 16
- Accidents
 - chemical, mitigation of, Jan. 5
 - ethylene oxide tank car explosion, Dec. 16
 - investigation process, July 24
 - liability limits should be lifted on oil spills, Sen. Gorton says, Oct. 8
- Acid rain legislation
 - introduced, May 11
 - may pass this year, Feb. 8
- Adiabatic reactors, heat effects, July 54
- Adsorption, Thesis Index, Feb. 101
- Aerosol separation, purification by, Jan. 34
- Aerosol reactors, materials synthesis in, May 62
- Aerosols, Thesis Index, Feb. 101
- Air
 - conditioners, auto, pose environmental problems, Dec. 6
 - Sampling and Analysis, Methods of, book review, Sept. 70
 - separation plant, control of, Mar. 12
 - toxics legislation, Mar. 13, June 13, Aug. 13
- Alaska oil spill, study to assess cleanup costs, Nov. 12
- Alcohol shortage may cost Brazil in trade, Dec. 6
- Amoco controls high octane market, Jan. 10
- Analysis
 - Energy, for Thermal, Chemical and Metallurgical Processes, book review, Mar. 80
 - thermal testing of new products, Aug. 63
 - thermogravimetric, Aug. 63
- Applied Heterogeneous Catalysis, book review, May 80
- Aqueous polymer solutions, phase equilibria in, Feb. 50
- Arc discharge generators, July 43
- Asbestos standard, Oct. 74
- ASME Boiler and Pressure Vessel Code, 75th anniversary, Aug. 69
- ASPEN simulation software, Oct. 52
- Atmospheric carbon dioxide, Aug. 27
- Authors' guide to CEP, Dec. 97

B

- Bayer embraces environmental concerns, Mar. 9
- Beils, rotating, operating characteristics of, Sept., 48
- Beilstein Handbook added to STN International, Feb. 76
- Benzene demand could outstrip capacity by 1993, July 8
- Bidding practices in engineering and construction industry, June 26
- Bimodal size distributions in aggregation and disintegration processes, simulation of, Aug. 56
- Biochemical engineering/biotechnology, Thesis Index, Feb. 101
- Biodegradables, need for, Apr. 70
- Biomedical engineering, Thesis Index, Feb. 102
- Bioprocessing, coal, Dec. 45
- Bioreactors, stirred tank, heat transfer in, July 76
- Bioreology, Dec. 54
- Biotechnology
 - agricultural products, Dec. 12
 - facing foreign competition, Mar. 9
 - glossary, Dec. 45
 - laboratory to be built by Monsanto and Soviets, Aug. 8
 - Mitsui research institute formed, Nov. 12
 - pharmaceutical products, Dec. 12
 - revitalization of, Dec. 33
 - separation technology, Dec. 38
 - U.S. investment in, Dec. 27
- Boilers, coal-water slurry fuels for, Mar. 29
- Boiling-liquid, expanding-vapor explosions (BLEVEs), July 69
- Book preservation process, Dec. 79
- Book reviews
 - Applied Heterogeneous Catalysis, May 80
 - Career Management for Engineers, Feb. 9
 - Chemical Reactors: Design/Engineering/Operation, Dec. 77
 - Corrosion and Corrosion Protection Handbook, Dec. 77
 - Handbook of Separation Process Technology, Jan. 74
 - Innovation and Competition: The Global Management of Petrochemical Products, Apr. 74
 - Innovation for Energy Efficiency, Oct. 73
 - Inspection of Metals, Destructive Testing, Dec. 77
 - Methods of Air Sampling and Analysis, Sept. 70
 - Nalco Water Handbook, Dec. 77
 - Recent Developments in Chemical Process and Plant Design, June 70
 - The DECHEMA Corrosion Handbook, Feb. 9
 - Understanding Process Integration II, Nov. 84
- Bottles, recycling of, July 11, Oct. 67

- Brazil, alcohol shortage may hurt trade, Dec. 6
- British chemical industry expects growth to slow, Apr. 8
- Butyl rubber, extruder halogenation of, May 67

C

- Cable flammability, measure of, Apr. 77
- Cadmium plating alternatives, Sept. 71
- Calibration services users guide, June 73
- California Proposition 65 status report, Dec. 79
- Calorimetry, differential scanning, Aug. 63
- Canada seeks American investors, Jan. 9
- Cancer, chemicals and processes associated with, Aug. 37
- CAPIES simulation software, Oct. 52
- Carbon dioxide, atmospheric, Aug. 27
- Carcinogen Risk Assessment, EPA Guidelines for, July 13
- Career Management for Engineers, book review, Feb. 9
- Cargo, hazardous air, program to heighten awareness of, Feb. 8
- Case Western Reserve, sensor research at, June 66
- Catalysis
 - Applied Heterogeneous, book review, May 80
 - Thesis Index, Feb. 103
- Center for Advanced Food Technology, Feb. 72
- Centrifugal pumps, cavitation erosion in, Nov. 68
- Centrifuges, decanter, transport of moist solids in, Nov. 57
- CEP guide for authors, Dec. 97
- Ceramic oxides, high-temperature superconducting, Sept. 40
- Ceramics
 - fabrication processes, Apr. 32
 - gel processes for, Apr. 44
 - markets segments, Apr. 32
 - powder, Apr. 32, May 62
 - salon, Apr. 44
- Cheese production, Sept. 71
- CHEMASIM simulation software, Oct. 52
- Chemical
 - accidents, mitigation of, Jan. 5
 - companies, U.S. see little threat from Europe, Nov. 13
 - developments, postwar, Sept. 25
 - export's rise in second quarter, Nov. 13
 - industry in S. Korea lures foreign investors, Nov. 13
 - plants, detection systems used in, Jan. 18
 - Process and Plant Design, Recent Development in, book review, June 70
 - processes, Thesis Index, Feb. 104
 - process simulation, Oct. 50
 - reaction engineering, Jan. 41
 - Reactors: Design/Engineering/Operation, book review, Dec. 77
 - shippers urged to track transports, June 11
 - Thermodynamics Database, July 82
 - toxic, disclosure, challenge of, Sept. 5
 - vapor depletion, Apr. 27, 32
 - waste problem in Puerto Rico, Dec. 6
- Chemical engineering
 - at Du Pont, Sept. 62
 - education
 - centennial of, Jan. 70
 - changes recommended, Dec. 21
 - problems of, Jan. 18
 - history, Dec. 21
- Chemical industry
 - economist bullish on, Dec. 6
 - expects growth to slow in England, Apr. 8
 - history and outlook for, Sept. 25
 - set for expansion, Aug. 7
 - strategic issues in, Mar. 20
- Chemically enhanced oil recovery, Mar. 50
- Chemistry
 - computational, Oct. 17
 - ignorance of, Aug. 19
 - Chilton, T.H., Sept. 62
 - China to expand fertilizer industry, Mar. 9
 - Chitin used as food additive and medication, Jan. 10
 - Chlorofluorocarbons
 - being eliminated in packaging by Mobil, Mar. 9
 - producers to test substitutes, Sept. 8
 - Clay liners for waste containment, Aug. 9
 - Clean Air Act
 - amendments, economic impact of, Mar. 39
 - reauthorization expected, Jan. 13
 - Climatic warming, Aug. 27
 - Coal
 - ash difficult to recycle, Feb. 8
 - bioprocessing, Dec. 45
 - Gasification Plant, Great Plains, Jan. 10, Sept. 7
 - production in U.S. to increase, June 10
 - sulfur content, gauging, May 87
 - superclean slurry, Dec. 79

- tracing technique reduces waste, Nov. 86
- water slurry fuel utilization in boilers, Mar. 29
- Coefficient, second virial, Feb. 25
- Colburn, A.P., Sept. 62
- Combustion, Thesis Index, Feb. 104
- Compressor
 - characteristics and refrigeration system stability, Nov. 37
 - seals and plant emissions, June 42
 - stall and inlet distortion, Nov. 37
- Computational chemistry, Oct. 17
- Computer
 - aided materials design, Feb. 38
 - graphics for understanding thermodynamics, Feb. 64
- Consumer products, environmentally compatible, Nov. 22
- Controls
 - system, for air separation plant, Apr. 12
 - systems, distributed, Feb. 12
 - temperature, for microreactor systems, July 14
 - Thesis Index, Feb. 104
- Cornell Univ.
 - Injection Molding Program, Apr. 27
 - biotechnology program, Dec. 27
- Corporate
 - culture blocks manufacturing technology, Dec. 79
 - strategy and technology, Mar. 20
- Correlation methods, macroscopic, Feb. 38
- Corrosion
 - and Corrosion Protection Handbook, book review, Dec. 77
 - cost of in U.S., June 36
 - glass, Oct. 75
 - Handbook, DECHEMA, book review, Feb. 9
 - Council on Environmental Quality expected to have more clout, Nov. 15
 - CPES simulation software, Oct. 28
 - Cracks, fatigue, July 22, Aug. 89
 - Crystal growth dynamics, heat transfer in, July 33
 - Crystallization, Thesis Index, Feb. 104

D

- Data, electronic, uniform standard sought by EPA, June 13
- Databases
 - Chemical Thermodynamics, July 82
 - gas kinetics, Nov. 85
 - process engineering, Nov. 78
 - Deborah number, Dec. 54
 - Decanter centrifuges, transport of moist solids in, Nov. 57
 - DECHEMA Corrosion Handbook, book review, Feb. 9
 - Density, measurement of, Sept. 20
 - DESIGN-II simulation software, Oct. 52
- Design
 - of conveyor dryers, Mar. 85
 - dynamic simulation in system analysis, Feb. 21
 - of laboratory adiabatic reactors, July 54
 - materials, computer-aided, Feb. 38
 - Plant, Chemical Process, book review, June 70
 - of pressure swing adsorption systems, Jan. 25
 - process, databases for, Nov. 78
 - Thesis Index, Feb. 104
- Destructive Testing: Inspection of Metals, book review, Dec. 77
- Desulfurization of coal, microbial, Dec. 45
- Diamond powder successfully manufactured, Sept. 71
- Diesel generators, aging of, Apr. 76
- Diffusion, Thesis Index, Feb. 105
- Dioxin toxicity limits, June 72
- DNIPR
 - database expanded, June 73
 - new initiatives, Nov. 85
 - software, Feb. 79
- Dissolution of solids, Sept. 53
- Distillation
 - azeotropic, flowsheet for, Jan. 63
 - ternary, Jan. 63
 - Thesis Index, Feb. 105
 - tower, control of using spreadsheets, Nov. 17
- Distributed control systems, Feb. 12
- Dow and BOC Group form gas separation venture, May 9
- Drop size, measuring in continuous liquid-liquid mixers, Dec. 61
- Drug, generic, market gains, Apr. 8
- Dryer, conveyor, design, Mar. 85
- Drying
 - and heating system, radio frequency, Nov. 86
 - of solids, Sept. 53
- Du Pont
 - chemical engineering develops at, Sept. 62
 - and Waste Management form joint venture, July 10
 - Dust explosion, protecting against, Jan. 76
 - Dynamic simulation in system analysis and design, Feb. 21

1989 Subject Index

This index describes the material that appeared in Volume 85, Numbers 1 through 12, of Chemical Engineering Progress, which is published by the American Institute of Chemical Engineers.

A

- Absorption, Thesis Index, Feb. 101
- Academic parochialism in changing technological environment, Feb. 16
- Accidents
 - chemical, mitigation of, Jan. 5
 - ethylene oxide tank car explosion, Dec. 16
 - investigation process, July 24
 - liability limits should be lifted on oil spills, Sen. Gorton says, Oct. 8
- Acid rain legislation
 - introduced, May 11
 - may pass this year, Feb. 8
- Adiabatic reactors, heat effects, July 54
- Adsorption, Thesis Index, Feb. 101
- Aerosol separation, purification by, Jan. 34
- Aerosol reactors, materials synthesis in, May 62
- Aerosols, Thesis Index, Feb. 101
- Air
 - conditioners, auto, pose environmental problems, Dec. 6
 - Sampling and Analysis, Methods of, book review, Sept. 70
 - separation plant, control of, Mar. 12
 - toxics legislation, Mar. 13, June 13, Aug. 13
- Alaska oil spill, study to assess cleanup costs, Nov. 12
- Alcohol shortage may cost Brazil in trade, Dec. 6
- Amoco controls high octane market, Jan. 10
- Analysis
 - Energy, for Thermal, Chemical and Metallurgical Processes, book review, Mar. 80
 - thermal testing of new products, Aug. 63
 - thermogravimetric, Aug. 63
- Applied Heterogeneous Catalysis, book review, May 80
- Aqueous polymer solutions, phase equilibria in, Feb. 50
- Arc discharge generators, July 43
- Asbestos standard, Oct. 74
- ASME Boiler and Pressure Vessel Code, 75th anniversary, Aug. 69
- ASPEN simulation software, Oct. 52
- Atmospheric carbon dioxide, Aug. 27
- Authors' guide to CEP, Dec. 97

B

- Bayer embraces environmental concerns, Mar. 9
- Beils, rotating, operating characteristics of, Sept., 48
- Beilstein Handbook added to STN International, Feb. 76
- Benzene demand could outstrip capacity by 1993, July 8
- Bidding practices in engineering and construction industry, June 26
- Bimodal size distributions in aggregation and disintegration processes, simulation of, Aug. 56
- Biochemical engineering/biotechnology, Thesis Index, Feb. 101
- Biodegradables, need for, Apr. 70
- Biomedical engineering, Thesis Index, Feb. 102

 - and Waste Management form joint venture, July 10
 - Dust explosion, protecting against, Jan. 76
 - Dynamic simulation in system analysis and design, Feb. 21

E

Economics

of air separation membranes, Jan. 41
growth and human resources, Aug. 14
Edison Sensor Research Technology Center, June 66

Education

academic parochialism changing technological environment, Feb. 16
adult learning and the engineer, Sept. 14
chemical literacy, Aug. 19
graduate school videotape courses, Feb. 76
pollution control technology in engineering curricula, Nov. 22
problems of, Jan. 18
science, problems of, Dec. 70

Effective Writing Strategies, book review, July 81

Electroceramics, Apr. 32

Electrochemistry, Feb. 105

Electroless plasmas, July 43

Emissions trading recommended by Senate report, Jan. 13

Employees, skills they will need, May 86

Emulsion liquid membranes, Mar. 58

Energy

coal production to grow in U.S., June 10

Dept. of Energy to hold public hearings on energy issues, Sept. 11

Dept. of Energy studies on, Dec. 11

Efficiency, Innovation for, book review, Oct. 73

methanol use encouraged by California, June 11

plasma, the ultimate in heat transfer, July 43

prices and manufacturing productivity, Apr. 76

related inventions evaluated by federal agencies, May 87

security, state, federal industry cooperation essential for, July 5

Engineering

and construction, industry in transition, June 26

databases, Nov. 78

minority participation in, Aug. 18

Student, Washington Internships for, June 48

Engineers

Career Management for, book review, Feb. 9

evaluating talents of, June 26

Entrainment selection criteria, Jan. 63

Environment, Thesis Index, Feb. 105

Environmental Protection Agency

approach to pollution prevention, June 53

and chemical companies accused of delaying pollution control laws, May 9

drinking water regulations, July 13

General Pretreatment regulations finalized, Jan. 13

Guidelines for Carcinogen Risk Assessment, July 13

land disposal restrictions for hazardous waste, July 13

may be elevated to Cabinet level, Mar. 31

may establish Multimedia Pollution Prevention Office, May 11

National Council for Environmental Technology Transfer

created, June 13

pesticide testing may be approved, Dec. 6

Regulatory Negotiation Project, July 13

and SARA Title III, June 18, 48

Science Advisory Board, Aug. 47

sites added to Superfund list, Aug. 7

solid waste report published, May 11

standard sought for electronic reporting of data, June 13

toxic substances reporting requirements announced, Feb. 11

Epidemiological studies, toxicological, Aug. 37

Equations

of state, Thesis Index, Feb. 105

pressure, 25

van der Waals, thirteen ways of looking at, Feb. 25

Equipment

adiabatic reactors, heat effects in, July 54

arc discharge generators, July 43

centrifugal pumps, Nov. 68

compressors, Nov. 37

decanter centrifuges, Nov. 57

diesel generators, Apr. 76

entrainer selection criteria, Jan. 63

maintenance and materials reliability, June 36

rotating, loss prevention in, Aug. 69

Ethylene

manufacture, sensors for, June 14

output of Canada to rise 40% by 1993, July 11

oxide tank car explosion, Dec. 16

price and consumption, May 24

Europe, mergers and acquisitions may increase, Jan. 9

Energy Analysis for Thermal, Chemical and Metallurgical

Processes, book review, Mar. 80,

Expert system shells for automating batch processes, Nov. 87

Explosions

boiling-liquid, expanding-vapor (BLEVEs), July 69

tank car, ethylene oxide, Dec. 16

F

Facilitated transport membrane systems, Mar. 58

Fatigue cracks, June 72, Aug. 89

Feedstocks, petrochemical, global trends for, May 24

Fermentation process, heat production during, July 76

Ferroluids, preparation of, Apr. 53

Fertilizer

industry to expand in China, Mar. 9

organic, environmental concerns improve demand for, June 10

Filtration, Thesis Index, Feb. 105

Fire detection, optical, July 62

Fish oil health claims disputed, May 9

Fixed-site carrier membranes, Mar. 58

Flames, emissive power of, July 69

Flow properties, effects of physicochemical environment on, Aug. 51

Flooding system, chemical, for oil recovery, Mar. 50

Flow

in impeller region of stirred tank, May 43

in magnetized field, Apr. 53

Thesis Index, Feb. 105

FLOWPACK simulation software, Oct. 54

Flowsheets

drawing, Oct. 40

software for, Oct. 28

Fluid

dynamics in multiphase systems, Nov. 74

Properties Research Institute, Sept. 20

Fluidization, Thesis Index, Feb. 106

Fluidized bed reactor models, May 51

Fluid mechanics

in mixing process, May 33

Thesis Index, Feb. 106

and transport in chemical engineering education, Jan. 70

Fluids

magnetic, Apr. 53

mixing, technological developments, May 33

properties and phase equilibria, Feb. 38

Food

cheese production, Feb. 72

Chemicals in, Japan drafts new regulations, Nov. 12

irradiation, Feb. 72

Fractal geometry aids mining, petroleum work, Dec. 79

Fractionation Research, Inc., Oct. 14

Fraser, Herman, Mar. 73

Friendly plants, July 18

FRI Standard Tray Data Sheet, Oct. 14

Fuels

Amoco controls high-octane market, Jan. 10

coal-water slurries for utility and industrial boilers, Mar. 29

methanol and other alternative fuels need further study,

Conoco officials say, Sept. 8

superheated coal slurry, Dec. 79

Fugitive emissions and Superfund regulations, June 42

G

Galium arsenide solar cells, Apr. 62

Gasification

of carbonaceous wastes, Dec. 79

plant

may turn profit in private hands, Jan. 10

starts on road to profitability, Sept. 7

Gasoline

cleaner burning form sought, Nov. 13

prices in California expected to rise, Apr. 9

Gas separation

membranes, economics of, Jan. 41

venture formed by Dow and BOC Group, May 9

Gear drives, specification of, Mar. 15

Gel processes for ceramic and glasses, Apr. 44

Generic drug market gains, May 8

GENESIS simulation software, Oct. 54

Geometry, fractal, aids mining, petroleum work, Dec. 79

Gibbs method of molecular simulation, Oct. 23

Glasses, gel processes for, Apr. 44

Global warming, Aug. 27

Government

congressional action on climatic changes, Aug. 27

cooperation foreseen between Congress and Administration,

Jan. 13

Dept. of Industry and Technology may be formed, Dec. 11

Reagan R&D budget not expected to change under Bush,

Mar. 13

Senate Environment and Public Works Committee may

reorganize, Feb. 11

Graphics, computer, understanding thermodynamics via, Feb. 64

Greenhouse effect, legislation expected on, Apr. 11

Greenware fabrication, Apr. 32

H

Halcon International, Sept. 25

Halogeneration, butyl rubber, May 67

Hazardous

Solids Waste Amendments Act of 1984, June 31

Materials Handbook, May 86

Hazardous waste

cleanup programs, a critical review, Apr. 16

decreasing, according to CMA, Mar. 84

EPA regulations on, June 53

Hazardous, thermal, in process industry, July 69

HAZOP guide words, Nov. 29

Heat

capacity, measurement of, Sept. 22

effects in laboratory adiabatic reactors, July 54

Heating and drying system, radio frequency, Nov. 86

Heat transfer

in a packed bed, July 43

in crystal growth dynamics, July 33

and plasma energy, July 43

in stirred tank bioreactors, July 76

Thesis Index, Feb. 107

Helium recovery via separation membranes, Jan. 41

High-temperature superconducting ceramic oxides, Sept. 40

Hiperion liquid redox sulfur process, Mar. 43

History

chemical engineering, Dec. 21

Resource Conservation and Recovery Act, Apr. 16

of sulfur industry in Louisiana, Mar. 73

Superfund, Apr. 16

Hot isostatic pressing, Apr. 32

Hougen, Olaf, A., Sept. 62

Human resources and economic growth, Aug. 14

Hydrogenation reactor train, optimization and control of, Jan. 14

Hydrogen separation via membranes, Jan. 41

I

Ignorance about chemistry, Aug. 19

Immobilized liquid membranes, Mar. 58

Impellers, types of, May 33

Impinging stream reactors, Sept. 53

Incineration system, PCB, Jan. 10

Indium phosphide solar cells, Apr. 62

Inspection of Metals: Destructive Testing, book review, Dec. 77

Inventions, energy, evaluated by federal agencies, May 87

Ion-exchange membrane supports, Mar. 61

Ionic systems, phase diagrams, Oct. 23

IPES simulation software, Oct. 54

Irradiation of food, Feb. 72

Isoclines, linear, Feb. 25

JK

Japan

criticism on acquisitions unheeded, Dec. 6

natural gas market sought in, by Alaska, Mar. 10

science and technology resources of, Aug. 69

U.S. software vendors don't expect threat, Mar. 10

Joyce, William, May 76

Karol, Frederick J., May 76

Kinetics, Thesis Index, Feb. 107

L

Labeling, Supreme Court to hear appeal on, Oct. 10

Land disposal restrictions of EPA, July 13

Landfill gas, typical trace compounds in, Jan. 34

Landfills, above-ground, for waste containment, Aug. 9

Learning and the adult engineer, Sept. 14

Legislation

on acid rain introduced, May 11

Air Toxics Control Act, Mar. 13, June 13, Aug. 13

Clean Air Act amendments, Mar. 13, 39, May 11

Mass. bill targets six-pack rings, July 10

National Institute of Standards and Technology introduced,

Aug. 13

on global warming expected, Apr. 11

Pollution Prevention and Recycling Act of 1990, Nov. 15

Resource Conservation and Recovery Act amendments, Apr.

11, Aug. 13, Oct. 13

SARA Title III, June 18, 48

Toxic Release Prevention Act introduced, July 10

Lewis, Warren K., Sept. 62

Liability limits should be lifted on oil spills, Sen. Gorton says,

Oct. 8

Linear

alkylbenzene sulfonate endorsed, Feb. 77

isoclines, Feb. 25

Liquid redox sulfur recovery process, Mar. 43

Literacy skills in U.S., Dec. 70

Lotus 1-2-3, dead as an engineering tool?, Jan. 77

Low Canal cleanup to be paid by Occidental Chemical, Sept. 8

M

Machine vision system, Apr. 77

Macroscopic correlation methods, Feb. 38

Magnetic fluids, Apr. 53

Malaysia seeks petrochemical project bids, Aug. 8

Management

Career, for Engineers, book review, Feb. 9

Global, of Petrochemical Products, book review, Apr. 74

pallet, Dec. 79

of Professionals, Insights for Maximizing Cooperation, book

review, July 81

of technology, ten blind spots in, July 27

training, Oct. 74

Waste, Inc. and Du Pont form joint venture to recycle plastic,

July 10

Mass transfer, Thesis Index, Feb. 107

Materials

ceramics, Apr. 32

composite, in impellers, May 33

design, computer-aided, Feb. 38

engineering plastics, emergence of, May 24

ethylene price and consumption, May 24

Handbook, Hazardous, May 86

high-temperature superconducting ceramic oxides, Sept. 40

National Research Council report on, Nov. 15, Dec. 11

research, Apr. 27

for saline water service, Dec. 79

selection, and plant reliability, June 36

standard reference, for estimating sulfur emissions, Sept. 71

steel fracture behavior, Sept. 71

superconductivity, synthesis of, Apr. 44

synthesis in aerosol reactors, May 62

synthetic rubber consumption, May 24

thermoplastic, properties of, Aug. 63

Thesis Index, Feb. 107

1989 Subject Index

Media, microporous, and interfaces, Oct. 23
M
Membranes
 /membrane processes, Thesis Index, Feb. 108
 filtration, surface properties in, June 59
 separation, Jan. 41
 systems, facilitated transport, Mar. 58
 Merck investing \$650 million in R&D, Jan. 9
 Mergers and acquisitions may increase in Europe, Jan. 9
 Metals, Inspection of: Destructive Testing, book review, Dec. 77
 fatigue, standard crack for testing, Aug. 69
 molten, rapid solidification of, Apr. 27
 nitridation, Apr. 32
Methanol
 and other alternative fuels, Sept. 8
 use encouraged by California, June 11
 Microbial desulfurization of coal, Dec. 45
 Microporous media and interfaces, Oct. 23
 Minority participation in engineering, Aug. 18
Mixing
 extruder, May 67
 fluid, technological developments, May 33
 low shear, May 55
 measuring drop size in continuous liquid-liquid mixers, Dec. 61
 pneumatic, of rocket propellants, May 55
 solid particles, Sept. 53
 solids phase, May 55
 Thesis Index, Feb. 108
Modeling
 mathematical, Thesis Index, Feb. 108
 process, on spreadsheets, Oct. 33
 of staged separations, rate-based approach for, Oct. 41
Models, fluid bed reactor, May 51
 cost, Oct. 64
 steam properties, Oct. 64
 time dependency, Oct. 64
 for unit operations equipment, Oct. 64
 wiped film still, Dec. 12
Molecular simulation, Feb. 38, Oct. 20, Oct. 23
 MPPFL simulation software, Oct. 54
 Multimedia Pollution Prevention Office may be established by EPA, May 11
 Multiphase systems, fluid dynamics in, Nov. 74

N

Nalco
 Chemical in joint venture talks with Soviets, Feb. 7
 Water Handbook, book review, Dec. 77
 Naphtha, current and projected prices for, May 24
 National Institute of Standards and Technology, legislation in support of, Aug. 13
Natural gas
 current and projected prices for, May 24
 market sought in Japan, Mar. 10
 and oil, exploration outlook brightens, Dec. 6
 processing by separation membranes, Jan. 41
 Nitridation, metals, Apr. 32
Nitrogen
 liquid, sensors for, June 14
 production via separation membranes, Jan. 41
 Nosophobia and toxic terrorism, Dec. 3
 Nuclear power industry, temperature sensors for, June 14

O

Oil
 Alaska spill, study to assess cleanup costs, Nov. 2
 and natural gas, exploration outlook brightens, Dec. 6
 overproduction rumors spark fears in Norway, May 8
 quick change business, Feb. 7
 recovery
 chemically enhanced, Mar. 50
 Thesis Index, Feb. 108
 spills, liability limits should be lifted, Sen. Gorton says, Oct. 8
OPEC invests in U.S. refineries, Jan. 9
Optical
 fibers manufacture, May 62
 fire detection, July 62
 sensors, uses for, Oct. 74
Optimization
 control, integrated and packaged, Feb. 12
 Thesis Index, Feb. 108
 OPTISIM simulation software, Oct. 54
 Organometallic synthesis, Apr. 32
 Oxygen production via separation membranes, Jan. 41
 Ozonecarbon monoxide and the Clean Air Act, Mar. 39

P

Pallet management, Dec. 79
 Paper companies, rating pollution of, Apr. 76
 Parallel processing, Oct. 17
 Patent
 development reported on by R&D Monitor, Nov. 85
 law, European chemical firms want changes to U.S. legislation, Apr. 9
 PCB incineration system, Jan. 10

Perry, J.H., Sept. 62
 Perturbation techniques, Feb. 25
Pesticide
 taxes to fund pollution control in some states, Apr. 8
 testing may be approved by EPA, Dec. 6
Petrochemicals
 in the coming decade, May 24
 Products, Global Management of, book review, Apr. 74
 projects sought by Malaysia, Aug. 8
 Petromont's HDPE plant will be Canada's largest, Oct. 8
Pharmaceuticals industry
 low drug prices hamper research in France, Aug. 7
 negative prognosis for, in France, July 11
 profits up, Mar. 9
 Phase behavior of complex systems, Oct. 23
Phase diagrams
 of fluids at high pressures, Oct. 23
 of ionic systems, Oct. 23
Phase equilibria
 of complex systems, Feb. 38
 and fluid properties, Feb. 38
 in aqueous polymer solutions, Feb. 50
 Phthalic anhydride, commercial production of, May 51
 Pigford, R.L., Sept. 62
 Pipe walls, turbulence within, July 82
 Plant, Design, Chemical Process, book review, June 70
Plants
 aging, extending the life of, July 82
 air separation, Mar. 13
 BF Goodrich to reduce emissions at Kentucky facility, Sept. 7
 chemical, toxic threat of exaggerated by news media, Sept. 7
 emissions and Superfund regulations, June 43
 engineering and construction problems and practices, June 26
 friendly, July 18
 Great Plains Coal Gasification, starts on road to profitability, Sept. 7
 Great Plains Gasification, may turn profit in private hands, Jan. 10
 HDPE of Petromont will be Canada's largest, Oct. 8
 operators, certification of, June 72
 reliability and materials selection, June 36
 styrene, to be built by Taiwan company, Oct. 8
 Plasma energy, the ultimate in heat transfer, July 43
Plastics
 engineering, emergency of, May 24
 hard to find, recyclers claim, Feb. 8
 ocean dumping of outland, Jan. 9
 recycling
 of bottles, July 11, Oct. 67
 programs, Jan. 9, June 10, 11
 Plastics recycling, Oct. 67
 Pollution, Prevention Office of EPA, June 53
Pollution control
 BF Goodrich to reduce emissions, Sept. 7
 chemical waste problem in Puerto Rico, Dec. 6
 Clean Air Act
 amendments, Mar. 13, 39, May 11
 reauthorization expected, Jan. 13
 cleanup of leaking underground tanks, May 12
 coal ash difficult to recycle, Feb. 8
 emissions, tracing sources of, Apr. 77
 EPA
 approach to, June 53
 and chemical companies accused of delaying pollution control laws, May 9
 fines cheaper than spill cleanup, Aug. 7
 General Pretreatment Regulations finalized by EPA, Jan. 13
 hazardous waste cleanup programs, a critical review, Apr. 16
 Loye Canal cleanup to be paid by Occidental Chemical, Sept. 8
 Mass. bill targets six-pack rings, July 10
 monitors used in chemical plants, June 18
 Ohio received more toxic waste than any other state in 1987, Oct. 8
 PCB incineration system, Jan. 10
 PCBs, July 83
 pesticide taxes to pay for groundwater protection in some states, Apr. 8
 plant emissions and Superfund regulations, June 42
 plastics recycling program in New Jersey, Jan. 9
 Pollution Prevention and Recycling Act of 1990, Nov. 15
 prevention strategy is essential, Aug. 5
 SARA Title III, June 18, 48
 solid waste report issued by EPA, May 11
 sulfur content of coal, gauging of, May 87
 Superfund implementation criticized, Dec. 11
 testing real estate for contamination, Feb. 7
 toxic
 substances reporting requirements announced by EPA, Feb. 11
 waste cleanup funding plan, June 11
 Toxic Release Prevention Act introduced, July 10
 underground tanks, long-standing threat, Apr. 16
 waste
 disposal legislation, June 13
 reduction, obstacles to, June 31
 Polymerization reactors, pilot plant simulation of, Sept. 12
Polymers
 composite, as structural materials, Apr. 27
 for processing microelectronic devices, Apr. 27
 at Research Triangle Park, Apr. 70
 solutions, aqueous, phase equilibria in, Feb. 50
 Thesis Index, Feb. 109
 Polynomalism, Feb. 25
 Powder, diamond, successfully manufactured, Sept. 71
 Preservation process, book, Dec. 79
Pressure
 equation, Feb. 25
 swing adsorption, Jan. 25, 34
Process
 book preservation, Dec. 79
 engineering databases, Nov. 78
 Integration II, Understanding, book review, Nov. 84

modeling on spreadsheets, Oct. 33
